09-Aug Sunday				Final zoom session	4 Nov 6pm

The following abbreviations are used in the Programme:

FR - Financial reporting

MAF - Management Accounting and Finance

TAX - Taxation

AUD - Auditing

Please note the changing of the program is a consultative process, involving various parties. What we have attempted to do in adjusting the programme lowering the workload over the busy period, as well as shifting studying to weekends, as working in the evening is difficult during a full work week during lockdown.
